Summary

- 8 years of proven experience in iOS development with a strong command of engineering
- fundamentals.
- Successful track record leading and contributing to complex iOS projects with a wide impact.
- Adept at providing architectural guidance, building frameworks, and enabling rapid
- development of new iOS features.
- Strong mentorship skills, fostering team growth and contributing to a positive team culture.

Experience

Senior iOS Developer
Marshall Group
Apr 2023 - Present

- Engineered a ground-up architectural redesign and rebuild of the flagship Marshall app, significantly reducing subsequent development timelines.
- Led the transition from external contractors to an internal development team, enhancing efficiency and control.
- Mentored junior developers and contributed to a positive team culture within the internal development team.

Lead Mobile Developer
Firstborn
Jul 2020 - Aug 2022 (1 year 9 months)

- Spearheaded the end-to-end development and successful delivery of 3 high-profile mobile
- applications for Beats by Dre.
- Effectively managed a team of developers, fostering collaboration with internal and external stakeholders, ensuring seamless communication and delivery..

Senior iOS Developer
Begin
Mar 2017 - Aug 2019 (2 years 6 months)

- Managed deployment of staging/production/release builds and coordinated testing with QA.
- Played a key role in sprint planning, delegation of tickets, and prioritization of engineering
- resources.
- Designed the architecture, developed and launched HOMER Stories: Kids Library v1 from conception to launch.

iOS Developer
Perigee
Apr 2016 - Sep 2016 (6 months)

- Integrated SiriKit into the Seven app for the iOS 10 launch, resulting in prominent recognition on the App Store homepage.
- Contributed to the development of a watchOS3 screen featured by Apple onstage at WWDC 2016.

Education

Lund University School of Economics and Management
Master of Science - MSc, International Economics | 2013 - 2015

Queen Mary, University of London
Bachelors of Science - BSc, Economics | 206 - 2009

Skills

SwiftUI | VisionOS | macOS | AI / LLM Integration | Continuous Integration | Continuous Delivery | Objective-C | Swift | Combine | Javascript | Node.js | REST APIs | CoreBluetooth | IoT | watchOS | Swift Package Manager | Async/Await | Team Management | Software Architecture

Personal Projects

StudyBreak Time management app with 200k+ downloads.

Fitness Pro Fitness tracking app focusing on user experience.

Panda AI Prompt Database & Community emphasizing user interaction.
